PETITION FOR FEE-FREE UNI AND TAFE

To the Honourable President and Members of the Senate in Parliament assembled. The Petition of the undersigned draws the attention of the Parliament to the need for fee-free university and TAFE in Australia.

Everyone has a right to education, but successive Labor and Liberal governments have slashed education funding and treated students as customers and education as a business. Student debt has spiralled and the increasing cost of living is a barrier to higher education and training for the next generation of students. The Greens' plan will fund unlimited free TAFE and undergraduate university for everyone, increase Youth Allowance by $75 a week, boost university funding by 10% per student and improve security of work for staff, so everyone can access a world-class education.

We therefore ask the Parliament to provide fee-free university and TAFE in Australia.
